A Message from the AP's Desk

BELIEF IN YOURSELF

is more closely linked to achievement than any other motivation throughout school. The reason is that confidence, which refers to belief in your capacity, is tied intimately to success.

Academic Updates

What are you doing to prepare for quizzes and test?

Step 1: Identify specific topics and make a list of all topics and materials that need to be reviewed before the upcoming test.
Step 2: Study—review materials, create summary notes for difficult concepts and take regular breaks. If students have other classes or activities, saving summary or lecture notes to their smartphone or using apps like Mind Tap are great strategies for studying on the go.
Step 3: Get some sleep! Many students think pulling an all-nighter will help them perform better, but a lack of sleep impedes working memory function and attentiveness—which won't help at all on test day.

Congratulations to the
BOYS SOCCER team for
their Win over Clark

Mock Trial

Ms. Wittenauer will hold an interest meeting for creating a mock trial team on Friday 9/30? If there is any room. Mock trial is a competition that is perfect for anyone who likes to act, argue, or keep other people in line. All participating schools get a legal case file and prepare as witnesses and attorneys to argue the case in front of real lawyers who act as judges. In January, we will compete against teams from other schools as they argue their cases against us. It is a fantastic experience for learning how to think on your feet, keep your composure, and persuade others. It is also a really good experience to add to your college resume.

"Students! If you are unable to meet with Dr. Iris and Mrs. Pond on Fridays from 3:45-5 pm for RAWR, please join our Google Classroom!! 3ia5ubs

You can keep up with writing prompts, find out about writing contests, and submit your creative works for publication in our quarterly literary magazine."
