A Message from the AP's Desk

Bruins

We have come to the middle of our journey this school year. Our community has adapted to change, embraced new teachers and staff, and accepted new expectations. As we embark on the last four months of the school year we want to begin setting goals for success for the remainder of the year. Most seniors have already begun receiving their acceptance letters and preparing for what's to come after graduation. Let me continue to encourage you all to be the best version of yourselves and to learn as much as you can while you are here. Teachers, staff and administration are here to support you in any way that we can. We are proud of you and we have faith that you will continue to push yourselves as you strive for excellence.
