Coming Up!

April 20-24: Junior College Conference--we are encouraging our junior class to participate in at least 2-3 sessions. <https://www.strivescan.com/virtual/>

April 27-May 1: College Spirit Week! More details to come next week!

Further Details.....

Re-Registration - Final Forms for registration is open and we hope that you can complete it. Should you need help, we are working on getting some support for that. If you are a current student and are not registered we will be reaching out to see how to help you complete registration for next year.

CWSP -Supervisors are *loving* the emails students are sending them via their CWSP assignments!

Relationships matter and we are so proud of each grade level as they complete these assignments/outreaches to make their supervisors know they are thinking of them.

Although Corporate Work Study is not happening in its normal format, students are still earning a portion of their tuition through the program. The CWSP team is currently working to discuss the possibility of "virtual work" duties for students with their job partners, as well as continuing to have students complete assignments to increase their business and career skills.

Attendance Policy – During distance learning, your attendance in class is recorded by submitting your assignments. If you do not complete an assignment it will both reflect in your grade and attendance. For daily attendance, you will be marked absent if you are absent from a majority of your classes that day. This will all be updated on Fridays.

Morning Prayer and Announcements – PLEASE join us via zoom Monday-Thursday for morning prayer and announcements. Click [HERE](#) to join. It is so very important to helping everyone maintain their connection with school.
